A high contract to increase income.

START activation for any 5 matic or 50 matic contract. # Activation of the 100 matic contract is available 10 days after the START of activation. # All contracts work the same way and separately from each other.

Tap Money Community Matic

Two direct **registrations** via your referral link to any **5 matic** or **50 matic** smart contract is the only condition for **activating automatic withdrawal** of funds in the DeFi Tap Money Community Matic system.

Attention! If the automatic withdrawal is not activated within **10 days** after the conclusion of the first smart contract, the system itself will make a withdrawal of funds and your income will be distributed according to the withdrawal conditions **automatically**. At the same time, 50% of the income that the participant should receive to the wallet will go to the **Pool of leaders**. Activation of automatic withdrawal of funds is a **prerequisite of the system**.
